Key Features and Account Summary

What is a SIPP?

A SIPP is a tax exempt pension arrangement. It is a personal pension where you, as trustee, retain control over all aspects. It is available to everyone, but for tax relief to be available on contributions you must generally be UK resident, or have **relevant UK earnings**.

A SIPP can accept transfers from all other types of approved pension arrangements. It may be possible for the transfer to be made 'in specie'. This means that the actual asset classes are transferred as they are, without being disinvested, thereby saving on dealing costs.

Your financial adviser can provide you with investment and financial advice where required. Punter Southall SIPP Limited will provide the paperwork required to set up your SIPP and to ensure that it runs smoothly.

Punter Southall SIPP Limited cannot provide you with investment or financial advice. Your financial adviser must be authorised and regulated by the Financial Conduct Authority (FCA).

What are the main features of a SIPP?

A SIPP can offer great flexibility and is very tax efficient in providing retirement and death benefits.

Flexibility

You manage your own fund under trust in conjunction with a professional trustee. You will be the sole member but can appoint an additional trustee to control your fund in the event of your death.

In addition to traditional investments such as shares listed on a recognised stock exchange, managed funds and unit trusts, you can invest in commercial property or land. This can be leased on an **arm's length basis** to your business or to a third party.

It is possible for the scheme to borrow money (up to 50% of the fund) to assist in the purchase of commercial property or land. Any rental payments made by the Company are treated as allowable expenses for tax purposes.

A tax-efficient pension arrangement

All contributions paid by the business or the member will receive tax relief. Employed and self-employed members pay personal contributions net of basic rate tax. Basic rate tax relief will be reclaimed from HM Revenue & Customs (HMRC) by the SIPP Administrator. Where relevant, you will need to reclaim higher rate tax relief via your self assessment return

If your employer contributes, these contributions will be tax relievable against the Company.

Almost all investment income is free from both income and capital gains tax.

On death before crystallisation of the pension benefits, a lump sum may be paid to dependents free of inheritance tax.

At **crystallisation** benefits may include a tax free lump sum.

How does The Punter Southall SIPP work?

Punter Southall SIPP Limited provides a full administration and technical service for SIPPs.

Punter Southall SIPP Trustees Limited acts as trustee and asset holder for the SIPP and your underlying investments, including the cash account that is held with the Bank of Scotland.

We will provide you with all the initial paperwork, including legal documentation, required to establish the SIPP. This will include a Trustee bank mandate for the Bank of Scotland.

Any contributions or cash transfers paid into your SIPP will initially be placed in a Bank of Scotland instant access bank account. **The interest rates applicable from time to time can be requested from us.**

The maximum contribution you may make in any tax year which would qualify for tax relief is 100% of your

salary up to the annual allowance limit. The annual allowance limit is set by the Government and may be subject to future changes. During the existence of your scheme we will deal with all reporting requirements in connection with the acquisition or disposal of any asset that is shown on our permitted investments list (see Appendix).

The Punter Southall SIPP offers both a Full and Simple SIPP. The Full SIPP allows a range of investments to be used and the facility of income drawdown. The Simple SIPP allows a maximum of two FCA defined standard investments, with no facility of income drawdown.

Transitional Protection and Transitional Tax-Free Amount Certificate

With effect from the 6th of April 2024 the cap that was placed on the amount you can build up in pension schemes (previously known as the Lifetime Allowance) was removed and replaced with the lump sum allowance.

You can usually take up to 25% of the amount built up in any pension as a tax-free lump sum. The most you can take is £268,275.

Prior to the 6th of April 2024 it was possible to have funds in excess of the cap where earlier pension funds have been registered for Primary, Enhanced, or Fixed Protection. You can continue to use these transitional protections as protection for higher tax free cash limits, to the amount that is set within your certificate (provided by HMRC).

If after consulting with your financial adviser you feel that you should have a Transitional Tax-Free Amount Certificate, then please ask your financial adviser to discuss your requirements further with us.

You should not ask us to produce a certificate without consulting with a financial adviser. Once a certificate has been produced it cannot be revoked and you could find that your tax free cash position is not as beneficial as it was before the certificate was issued.

Managing the scheme

Punter Southall SIPP Limited will assist and be responsible for the following:

- Technical information as to whether or not a proposed investment falls within the permitted range, set out by HMRC;
- Day-to-day administration matters including negotiations with HMRC and completing required returns;
- Technical back-up and documentation;
- Generic information on the full range of retirement options under The Punter Southall SIPP only (from any age after 55, increasing to 57 from the 6th of April 2028) including calculation of benefits available to you and your dependants.

Any other information as required under The Punter Southall SIPP, i.e. benefits payable on ill health, or death benefit or after retirement.

Benefits payable from the scheme

Retirement benefits can be withdrawn from your SIPP at any stage after age 55, increasing to 57 from the 6th of April 2028. Your financial adviser will be able to inform you of the options open to you. There are various options available under The Punter Southall SIPP, such as:

- **Tax-free cash and annuity purchase.** You can usually take up to 25%, subject to a maximum of £268,275. This may be more if you have registered for protection of your overall pension fund amounts. The balance of your fund may be used to buy a conventional **annuity** on the open market, i.e. out-with The Punter Southall SIPP.
- **Phased income drawdown via "Capped drawdown" or "Flexi-access drawdown".** Your fund can be notionally split into 1,000 sub-accounts that can be used separately to provide benefits. Each payment is made up of a tax-free cash element with the balance available to provide an income or to purchase an annuity. The unused sub-accounts remain invested and under your full control.
- **Full income drawdown via "Capped drawdown" or "Flexi-access drawdown".** This allows you to draw either 25% tax-free cash or more, if you have an entitlement under protection, plus your chosen level of income payments from the fund. The balance of your fund remains invested under your control.

- **Full withdrawal via “Uncrystallised funds pension lump sum” (UFPLS).** You may draw up to 25% of your fund (up to £268,275) as tax-free cash, plus the remaining 75% of the fund subject to your current tax coding.
- **Taxable income payments.** You can withdraw the remaining 75% of the fund subject to your current tax coding on either the 1st or the 16th of each month.

These payments will be made by the following methods and before 3pm:-

- BACS, for amounts between £0 and £2,000,000 (3 to 5 working days) - £0.30
- Faster Payment, for amounts between £0 and £250,000 (same day) - £
- CHAPS, for unlimited amounts (same day) - £12 charge

You should be aware under all of these options that where you are a basic rate tax-payer and withdraw an amount of taxable income over the Basic Rate allowance, HMRC may increase your tax coding and reclaim further income tax from you in the future.

With effect from the 5th of April 2015, when pension income is withdrawn from a SIPP by either Flexi-access Drawdown or UFPLS a restricted Annual Allowance will apply called the Money Purchase Annual Allowance (MPAA). This reduces the Annual Allowance for pension contributions to £10,000.

**** Due to the complex nature of these options, it is essential that independent financial advice and tax advice is sought, before making any decisions****

On death *before* the age of 75 the whole of your fund may be paid as a lump sum, free from income tax to your nominated beneficiary(ies).

Where you have started to withdraw pension benefits under Flexi-access drawdown, or you are continuing to withdraw benefits under capped drawdown, your nominated beneficiary(ies) are able to continue taking pension withdrawals. These withdrawals will not be taxed.

On death *after* the age of 75, both lump sum and income payments made from the plan will be taxed at the recipients marginal rate of tax.

Where you are utilising capped drawdown it is a requirement that a review is carried out every third year if income drawdown has commenced. These must be carried out within 60 days of the third year anniversary by Punter Southall SIPP Limited. Your financial adviser should inform you when this has been completed.

Key Features

The Financial Conduct Authority (FCA) is the independent financial services regulator. It requires us, Punter Southall SIPP Limited, to give you this important information to help you to decide whether our SIPP is right for you. You should read this document carefully so that you understand what you are buying and then keep it safe for future reference.

Its aims

The Punter Southall SIPP is a personal pension scheme designed to help you save for retirement, which is then used to provide you with an income after you reach your chosen retirement age. It is a personal pension where you, as trustee, retain control over all aspects of your pension planning.

Your SIPP gives you the flexibility to decide when you wish to take benefits after age 55 (age 57 from 6th of April 2028). It provides for lump sum and pension benefits for you in retirement and benefits for your family and dependents following your death. It also provides the opportunity to take your benefits in stages and phase in your retirement income to meet your needs.

You can make one-off or regular contributions into the SIPP which may be eligible for tax relief. You can also transfer existing pension funds into the SIPP.

Your investments will usually be free of capital gains tax and income tax although the tax deducted from dividends is not reclaimable.

Your investment

You can establish your SIPP for the purpose of receiving previously accumulated pension rights from other pension arrangements. You can also make pension contributions into your SIPP at any time. These contributions must adhere to the current Annual Allowance, or if pension income has been withdrawn under Flexi-access Drawdown or Uncrystallised Fund Pension Lump Sum (UFPLS) the Money Purchase Annual Allowance (MPAA) will apply.

There is no commitment on your part to continue making contributions.

It is a HMRC requirement that you will not be able to take your benefits until age 55 (age 57 from 6th of April 2028), unless you retire early due to ill health, or have a protected early retirement age as defined by the legislation.

Risks

When deciding whether The Punter Southall SIPP is right for you, you should also consider risk factors that are beyond your control, such as the tax reliefs available, inflation, interest rates, annuity rates and charges and the effect these may have on your pension plans. For information on these factors please speak to your financial adviser.

Investments

The value of investments held in your SIPP and the income from them can fall as well as rise. You may get back less than the amount invested.

Past performance is not an indication of future performance and some investments need to be held for the long term to achieve a return.

You will be able to deal in a range of investments. Some investments carry a higher degree of risk than others.

We do not provide investment, or financial, advice, or information about investments. This is provided to you by your financial adviser to enable you to make investment decisions.

The investment returns may be less than those shown on any illustrations of benefits you receive and the charges may be higher.

Some investments, such as commercial property, may take longer to sell than other forms of investments. The value of your commercial property investment will be based upon a professional valuer's estimate.

Payments to your SIPP

By transferring funds into your SIPP from another pension provider, you may give up the right to guarantees over the kind of benefits, the amount you will receive and the level of increases that will be applied to your pension in future. Your existing pension provider may apply a penalty, or other reduction in the value of your benefits, if it is transferred. There is no guarantee that you will be able to match the benefits you give up by transferring into The Punter Southall SIPP.

Withdrawals from your SIPP

If you start to take benefits earlier than you originally intended, the level of the benefits you can take may be lower than expected and may not meet your needs in retirement.

Your SIPP may be subject to additional tax charges at the point you withdraw funds if your pension is valued at more than the lump sum and death benefit allowance (£1,073,100), or tax free withdrawals are more than the lump sum allowance (£268,275).

If you take income withdrawals this may erode the capital value of your fund. If investment returns are poor and a high level of income is taken this will result in your SIPP falling in value and could result in a lower income than anticipated in the future.

The higher the level of income withdrawals, the less you will have available for dependants, or to buy an annuity in the future.

If you choose an annuity to provide your benefits, the level of income you receive is based upon the average life expectancy of someone of your age. When fixing annuity rates, providers take into account the fact that some people will die earlier than expected, effectively subsidising those who live longer. Income withdrawals paid from the SIPP do not have the benefit of such a subsidy.

There is no guarantee that annuity rates will improve in the future. If you choose to purchase an annuity, the level of pension you receive when you purchase the annuity may be less or greater than the pension previously being paid under income withdrawal and/or the annuity you could have purchased previously.

Having considered these risks, if you have any doubts about the suitability of The Punter Southall SIPP or you need further advice, you must seek advice from your financial adviser.

Cancellation rights

You have a legal right to cancel your SIPP if you change your mind. If you wish to cancel you must do so within 30 days of the date you receive our letter confirming the establishment of your SIPP.

Cancellation rights will also apply to the receipt of transfer payments and on the first occasion that you choose to go into drawdown. You will have 30 days from the date that you receive our letter acknowledging the transfer or move into drawdown to exercise your right to cancel.

You may exercise your right to cancel by writing to us at: Punter Southall SIPP Limited, Regus, 83 Princes Street, Edinburgh EH2 2ER.

Please quote your name and Punter Southall SIPP reference number.

You must state whether you wish to cancel your SIPP, a specific transfer, or drawdown.

If you wish to make an investment during the 30 day cancellation period you can do so, but this will lapse your cancellation rights. Lapsing your rights will mean that you cannot cancel your Punter Southall SIPP, contributions, or transfers.

Compensation scheme

The Financial Services Compensation Scheme (FSCS) has been set up to deal with compensation, if firms are unable to meet claims made against them.

Most types of investment business are covered for up to a maximum limit of £50,000. From 30 January 2017 the deposit compensation limit is £85,000 and £170,000 for joint accounts.

Compensation limits for pensions (retirement savings) will be dependent on the way your pension has been invested. If the provider of an underlying product held within the SIPP fails, the FSCS compensation limit depends on the type of product held within the SIPP.

- Deposits: if you choose to deposit your pension funds in a bank, building society or credit union then from 30 January 2017 you are protected up to £85,000. There are higher amounts for temporary high limits, see www.fscs.org.uk for details.
- Investments: If you choose to place your pension funds directly in investments (other than insurance products), you are protected up to £85,000.
- Retirement income: If you are already drawing a set retirement income from your pension pot from a life insurance contract, such as an annuity, your income is protected by FSCS to 100% if anything happens to your provider.
- Pension Life Savings: If you are still building up your pension pot, 100% of your pot will be protected if it's directly managed under a life insurance contract.

Further information about compensation scheme arrangements is available from the FSCS.

Questions and answers

Can I have a SIPP with Punter Southall SIPP Limited?

You can have a SIPP with us if you are resident in the UK. If you are resident overseas you can set up a SIPP for the purposes of transferring funds from a UK registered pension scheme.

Is your SIPP right for me?

The Punter Southall SIPP could be right for you if you:

- Are looking to build up a pension fund in a tax-efficient way;
- Understand that growth is not guaranteed;
- Are prepared to commit to having your money tied up, until at least age 55 (age 57 from 6th of April 2028); and
- Require access to wider investment opportunities, such as investment with a discretionary investment manager, in a portfolio of stocks and shares and/or unit trusts or in commercial property.

It may not be suitable if you:

- Want unrestricted access to your money; or
- Are only likely to require access to a more limited range of investments, such as those available under insurance company personal pensions, or stakeholder pension plans.

If you have any doubts about the suitability of The Punter Southall SIPP you should contact your Adviser.

Who can pay contributions into my SIPP?

You can pay personal contributions into your SIPP. In addition, contributions can be paid by another person on your behalf (e.g. by your spouse, parent or grandparent) and treated as your personal contributions for tax purposes.

If you are employed, your employer can also pay contributions into your SIPP.

Once your SIPP is set up you can pay single contributions and increase or decrease your regular contributions at any time.

We will not accept any contributions after you reach age 75.

Do I get tax relief on my contributions?

In each tax year, you will get tax relief on personal contributions paid by you, or on your behalf, up to 100% of your UK relevant earnings or the Annual Allowance, whichever is lower (subject to carry forward - see below).

Since 2011/12, in some circumstances, any unused Annual Allowance from the last three years can be carried forward to the current tax year without triggering an annual allowance tax charge, but only if you were a member of a registered scheme at some time during the tax year at which contributions are being carried forward.

Carry forward will be available against the Annual Allowance for the current and the three preceding tax years. There is a strict order in how these allowances can be used and you must have supporting income in the year of the contribution to support the relief being carried forward if the contribution is paid personally. Tax relief will only be available on personal contributions up to 100% of your relevant UK earnings for the tax year in which the contribution is being made. Please confirm what amounts can be carried forward with your own Adviser.

Carry Forward cannot be used where a SIPP member is subject to the Money Purchase Annual Allowance.

If you have no UK relevant earnings, or your earnings are less than £3,600 a year, you can still pay contributions up to £3,600 and receive tax relief.

All personal contributions (whether you are employed or self employed) are payable net of basic rate tax and will be credited to your SIPP bank account once it has been received. Basic rate income tax will then be credited to your SIPP bank account once that has been received from HMRC. You must claim any higher rate relief to which you are entitled, via self-assessment.

We will only accept contributions up to the limit for tax relief referred to below. You must tell us within 30 days if you are no longer entitled to tax relief on your contributions.

All employer contributions are payable gross. Your employer will normally receive tax relief on any contributions they pay to your SIPP and you will not normally be taxed on these contributions.

What is the annual allowance for contributions?

HMRC use the annual allowance to restrict tax relief on large contributions (subject to carry forward - see above).

For any 'pension input period' ending in a tax year, the total of:

- contributions to registered pension schemes paid by you, or on your behalf (including any paid by an employer); and
- the increase in the value of your benefits under any final salary schemes exceeds the 'annual allowance', you will have to pay the part of the excess that falls:
 - Below or within the basic rate band is taxed at 20%
 - Within the higher rate band is taxed at 40%
 - In excess of the additional rate threshold is taxed at 45%

It is your responsibility to determine if you are liable for an annual allowance charge, which you will need to report on your Self Assessment tax return.

For the purposes of your SIPP with us, the pension input period will always coincide with the tax year i.e. it ends on 5 April, unless you notify us that you wish it to end on a different date in any tax year.

Exemptions against the annual allowance test will only apply on death; serious ill-health (life expectancy of under a year); or severe ill-health (unlikely to ever be able to work again, in any capacity).

What if I am entitled to enhanced or fixed protection?

If you have registered with HM Revenue & Customs (HMRC) for enhanced protection (for pension rights built up before 6 April 2006) the payment of any contribution to your SIPP will result in the loss of this protection.

With effect from April 2012 the Standard Lifetime Allowance reduced from £1.8m to £1.5m; subsequently in April 2014 from £1.5m to £1.25m; and then again in April 2016 from £1.25m to £1m. Transitional protection called 'fixed protection' has been introduced for those individuals who had no existing protection against a decrease in the lifetime allowance, but whose pension benefits were valued in excess of £1.8m, £1.5m, or £1.25m, or where the investment growth/benefit revaluation may exceed those amounts by retirement. **If you have applied for fixed protection any further contributions to registered pension schemes will cause the loss of this protection.**

Can I transfer my existing pension benefits into my SIPP?

Yes, you can transfer benefits from any UK registered pension scheme into your SIPP. You can make a transfer even if you have commenced income withdrawal ('Drawdown' pension) from the scheme you wish to transfer from. If you transfer and have a mandatory income review period of five years, this will consequently reduce to three years.

Please note that you, or your Adviser, will be responsible for arranging the transfer from the transferring scheme.

When can I take my benefits?

You can commence benefits at any time from age 55 (age 57 from 6th of April 2028), whether or not you continue in employment.

It may be possible to commence benefits earlier if you are in serious ill-health or transfer benefits to The Punter Southall SIPP from an existing pension with a lower pension age, provided the transfer meets certain HMRC requirements.

How can I start to take benefits?

You can make pension fund withdrawals from all, or only a part, of your SIPP. Part withdrawals can allow you to phase your benefits to suit your personal circumstances. You will need to contact your financial adviser to discuss your options and obtain the necessary documentation.

Is there a limit?

There is no limit on the benefits that may be provided for you under your SIPP. However, if the total value of your pension savings, under all registered pension schemes, exceeds the lump sum and death benefit allowance (£1,073,100) you may be subject to additional tax charges at the point you withdraw funds, also if you withdraw tax free withdrawals more than the lump sum allowance of £268,275, then you will be taxed at your marginal rate of income tax on the excess that you withdraw, unless Enhanced, Fixed or Individual Protection is in place.

Can I take tax free cash from my SIPP?

You can have a tax-free lump sum (also known as the "pension commencement lump sum") when you start taking benefits.

If you have protected lump sum rights arising from benefits built up before 6 April 2006, then you may be entitled to a larger tax-free lump sum.

You cannot take a tax-free cash lump sum with the intention of using it to increase your pension contributions. This is because the lump sum will be treated as an unauthorised payment. You will be taxed on the payment at between 40% and 55%. Your pension fund will also be subject to a tax charge of between 15% and 40% (depending on how much of the tax charge you have already paid).

What about other pension benefits?

Once the amount of your tax-free lump sum payment has been agreed, the remaining fund may be used to provide you with a 'drawdown' pension.

'Drawdown' pension ('UFPLS', 'capped' or 'flexi-access')

Under your SIPP you can choose to take a regular monthly, quarterly, half yearly or annual income. Regular pension payments are made as you require. You can also take one-off pension payments to suit your circumstances.

A 'capped drawdown' pension is where your pension fund remains invested and you draw an income from the fund, up to the maximum level set by HMRC. There is no minimum level of income, so you can elect to receive a nil value pension if you wish.

The maximum level of annual income available under capped drawdown is currently set at 150% of the Government Actuary's Department's (GAD) relevant annuity rate. This rate varies depending on your, sex, age and returns from Government securities and is applied to the value of your pension fund at the date the fund is first used to provide the pension and at each subsequent review.

The maximum income will be recalculated every three years, up to age 75, then annually thereafter. However, you can elect to have the maximum income level reviewed at any anniversary of the date funds were first used to provide capped drawdown. You must make this election before the relevant anniversary.

A 'flexi-access drawdown' pension is where your pension fund remains invested and you draw an income from the fund, without a maximum level set by HMRC. There are no annual reviews and again there is no minimum level of income, so you can elect to receive a nil pension if you wish.

Uncrystallised Funds Pension Lump Sum (UFPLS) is where your pension fund is completely withdrawn. 25% of your fund is taken tax free and the remaining 75% is taken at your marginal rate of tax.

If your Punter Southall SIPP holds a mixture of funds that have and have not yet been used to provide you with benefits, you can choose to draw further benefits at any time. For capped drawdown benefits this will normally trigger an immediate review of the maximum income level.

You can choose to purchase a lifetime annuity out with your SIPP with some, or all, of your SIPP pension fund at any time

Before selecting a Drawdown pension you should consult your financial adviser.

Individual Lump Sum Allowance, Individual Lump Sum and Death Benefit Allowance and Overseas Transfer Allowance

Since the 6th of April 2024 there are 3 different allowances that limit the amount of tax-free benefits that can be paid, as follows:-

- The lump sum allowance, which is your tax-free cash allowance, i.e. your Pension Commencement Lump Sum (PCLS), or the untaxed part of an Uncrystallised Funds Pension Lump Sum (UFPLS).
- The lump sum and death benefit allowance, which is either the:
 - o maximum amount of fund that you can put into a drawdown pension without being subject to an excess income tax charge; or
 - o maximum amount of fund that your beneficiaries can withdraw from your death benefits without being subject to an excess income tax charge; or
 - o maximum amount of fund that you can take as a payment of serious ill-health lump sum without being subject to an excess income tax charge.
- The overseas transfer allowance, which is the maximum amount of fund that you can transfer out to a qualifying recognised overseas pension scheme (QROPS).

Lifetime annuity

A lifetime annuity is a regular, taxable, income guaranteed to last you for life. Buying a lifetime annuity involves passing the value of your SIPP to the insurance company of your choice.

The annuity available will depend on the value of your fund, annuity rates at the date of purchasing the annuity and the type of annuity you choose.

If you buy an annuity, you will usually cease to have any involvement with the investment of your pension fund. This may be the right option if security of income is an important issue.

Do I have to pay tax on my pension benefits?

A pension paid to you will be subject to income tax. We will deduct the tax before paying your pension.

If you purchase a lifetime annuity, the annuity provider will be responsible for the payment of income tax.

What benefits are paid when I die?

a) Uncrystallised and drawdown pension funds

Death before 75 - The pension fund can be taken tax free at any time, whether in instalments, or as a one off lump sum. This will apply to both crystallised and uncrystallised funds.

Death after 75 - Pension savers will be able to nominate who inherits their remaining pension fund. This fund can then be taken under the new pension flexibility and will be taxed at the beneficiary's marginal rate as they draw income from it.

What rules govern my Punter Southall SIPP?

The scheme is governed by a trust deed and rules, as amended from time to time. This Key Features Document summarises the main provisions of the rules and of the legislation that applies to registered pension schemes. However, in the event of any discrepancy between the Key Features and the trust deed and rules the trust deed and rules will prevail.

Can you provide me with advice?

No, Punter Southall SIPP Limited and Punter Southall SIPP Trustees Limited are not authorised to provide any advice on tax or financial services related matters.

If you need any advice you must contact your usual financial adviser.

The changes will apply with effect from the earlier of the end of the notice period or the first occasion following the notice period on which you make a contribution. The typical reasons for varying the Terms and Conditions are:

Cheque Clearing on all Sterling Accounts

How long does it take for a cheque to clear?

Cheque clearance has two meanings:	<ul style="list-style-type: none"> the time taken before funds paid into an account by a cheque can be withdrawn, or the time taken before Interest starts to accrue on funds paid into an account by cheque, this is referred to as "Cleared for Interest Payment purposes".
------------------------------------	---

Please note that cheques still may be returned unpaid after the cheque clearance date, and funds have been withdrawn.

Cheque Clearance Cycle on your Accounts

Cheque paid into a Bank of Scotland account on day 0:

Day 0	Day 1	Day 2	Day 3	Day 4			Day 5	Day 6
Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday	Monday	Tuesday
Cheque lodged		Interest calculated from this day (End of Day). Funds available for transfer via Corporate Online		Funds available for withdrawal (Start of Day)				Certainty of cheque known (i.e. funds belong to you) at end of business day. Until this time the cheque may be returned unpaid and funds debited to your account

NB: Saturdays, Sundays and Bank Holidays are non-business days.

NB: Interest is calculated from two business days after the cheque is lodged.

NB: These timescales are industry guidelines. Interest calculations and Funds availability may be earlier in certain circumstances.

Currency Cheque Clearing

UK Euro Cheques	<p>Cheques/money drafts written in Euro drawn on a UK bank which is a member of UK Euro Clearing - If you pay this type of cheque into your account and your account is held in Euros then you can take the amount of the cheque out of your account on the third bank business day after the day we get it.</p> <p>For example:</p> <ul style="list-style-type: none"> If you pay a cheque in on a Monday, you can take the money out of your account on a Thursday as long as the Monday, the Thursday or any of the days in between is not UK Bank or Public Holiday.
-----------------	---

UK Euro Cheques (cont'd)	<p>Cheques/money/draft</p> <ul style="list-style-type: none"> If you pay a cheque/money draft into your account (which is in the same currency as your account or a different currency) you cannot take some or all of the money out of your account until the value date which is the date the funds become available to our correspondent banks, and also the date your account is credited. The day we receive payment depends on whether the cheques are sent for negotiation or collection. <p>The way we choose to convert your cheque/money draft depends on the amount of the cheque. However, it is for us to decide whether a cheque can be negotiated. For further details please ask your Relationship Manager</p>
Collections	<p>We will present the cheque/money draft to the bank or other financial institution where the person who wrote the cheque or ordered the money draft ("the payer") has his or her account. A credit is made to your account after payment has been received from the bank or other financial institution where the payer has his or her account. Depending on where the cheque is drawn, this can take from a few days to over a month.</p>
Negotiations	<p>The Bank pays the money into your account and then waits for the other bank to send us the money. If the cheque is returned unpaid, the Bank will take the money back and charge you for the cheque being returned. This is what we call 'with recourse'.</p> <p>Please note that if you pay a cheque/money draft into your account and we let you take some or the entire amount of the cheque/money draft out of your account, that does not mean that the cheque has been fully 'cleared'.</p> <p>Where the cheque is not in the currency of the account the exchange rate used will be that on the date of processing.</p> <p>We will credit the Customer's account with the value of the cheque normally within 10 bank business days or fewer, depending on the currency and the country on which the cheque is drawn.</p>

Please make sure you let us know as soon as possible if the nature of your business changes or if you change your name, business name, address, phone number, or email address (if this is how we communicate with you).

We recommend that you check your statement regularly. If there is an entry which seems to be wrong, you should tell us as soon as possible so that we can sort it out. Regular checks on direct debits and standing orders will help you be sure the money is going where you want it to.

Taking care of your cheques, cards, electronic purse, PINs, password and other security information is essential to help prevent fraud and protect your Accounts. Please make sure that you follow the advice given below:

- Do not keep your cheque book and cards together.
- Do not allow anyone else to use your card, password or other security information.
- Try to remember your password and other security information and securely destroy the notice as soon as you receive it.
- Never write down or record your password or other security information.
- Always take reasonable steps to keep your card safe and your password and other security information secret at all times.
- If your card issuer takes part in a secure online payment system (such as Verified by Visa or MasterCard Secure Code), consider signing up either at their website or whenever you are given the option while shopping online. This involves you registering a password with your card company, which you will be asked whenever you shop at an online retailer taking part in the scheme. You should keep this password secret.
- Never give your Account details or other security information to anyone unless you know who they are and why they need them.
- Keep all information about your Account containing personal details (for example, statements) safe and get rid of them carefully.
- Take care when storing or getting rid of information about your Accounts. People who commit fraud use many methods such as 'bin raiding' to get this type of information. You should take simple steps such as shredding printed material.
- Be aware that your post is valuable information in the wrong hands. If you fail to receive a bank statement, card statement or any other expected financial information, contact your bank or building society.
- You will find the Financial Fraud Action website www.financialfraudaction.org.uk has consumer pages with more information about preventing card fraud.

Important information about compensation arrangements

We are covered by the Financial Services Compensation Scheme (FSCS). The FSCS can pay compensation to depositors if a bank is unable to meet its financial obligations. Most depositors - including most individuals and small businesses - are covered by the scheme.

In respect of deposits, an eligible depositor is entitled to claim up to £85,000. For joint accounts each account holder is treated as having a claim in respect of their share so, for a joint account held by two eligible depositors, the maximum amount that could be claimed would be £85,000 each (making a total of £170,000). The £85,000 limit relates to the combined amount in all the eligible depositor's accounts with the bank including their share of any joint account, and not to each separate account.

For further information about the compensation provided by the FSCS (including the amounts covered and eligibility to claim) please contact your firm representative, ask at your local branch, refer to the FSCS website www.FSCS.org.uk or call the FSCS on 020 7741 4100 or 0800 678 1100. Please note only compensation related queries should be directed to the FSCS.

Deposits with us are held with Bank of Scotland plc. Accounts with Bank of Scotland plc include accounts with its divisions and trading names: Halifax, Intelligent Finance (IF), Birmingham Midshires (BM Savings), Bank of Scotland, Bank of Scotland Private Banking, Bank of Scotland Germany, Bank of Scotland The Netherlands, Bank of Scotland Treasury, St James's Place Bank and St James's Place Private Bank. Some savings accounts under the AA Savings, Saga and Charities Aid Foundation brand names are also deposits with Bank of Scotland plc. An eligible depositor's £85,000 limit relates to the combined amount in accounts under all of these names.

If you are unsure whether your account is held with Bank of Scotland plc please check your account literature.

Payment Definitions

Automated Payments

Bacs	Bacs is a way of electronically transferring funds from one account to another account with us or another bank, through bank wide fund transfer system.
CHAPS	CHAPS stands for Clearing House Automated Payment System and is an electronic bank-to-bank same-day value payment made within the UK in Sterling, generally used for high-value interbank transactions. CHAPS payments are fast, secure and efficient with the money being transferred irrevocably the same day.
Direct Debits	This is an instruction you give to your bank or building society which authorises an organisation to collect amounts from your Account. To set up a Direct Debit the organisation you want to pay will provide you with a Direct Debit instruction to complete and return. If the organisation makes changes to the collection day or amount you must be notified in advance, normally 10 business days.
Faster Payments	The Faster Payments service facilitates a near real time transfer between participating member banks. The Faster Payments scheme limit is £100,000. Outbound payments of up to £99,999.00 can be made.
Standing Orders	This is an instruction you give your bank or building society to make payments, usually on a regular basis, to a specified person or company's bank or building society account. Unlike a Direct Debit the payment must be for a fixed amount each time. The organisation you want to pay will supply you with a Standing Order instruction (usually called a mandate). It's your responsibility to complete the date, the amount you want us to pay from your Account and when. Payments will continue as instructed until you tell us other wise. All you need to do is ensure that there's enough money in your Account to cover your payments.
Stopping/Amending	Payments made by debit card, credit card, or immediate payments made via Corporate Online, Internet Banking or Telephone Banking service cannot be stopped once you've made them. To stop a future dated Bacs payment via Corporate Online, the instruction must be received by 6pm on the Working Day before the payment is due to be made. To cancel or amend a standing order or similar arrangement you should tell us no later than close of business two business days before the payment is due to be made. To stop a Direct Debit you should write to us before the next payment is due to be made and/or cancel direct with the organisation. To avoid the risk of payment being made you should tell us no later than two business days before the payment is due to be made to allow us to action your instruction. Unless you tell us other wise we will assume that you want us to stop all future payments as well.
Payments collected in error	Under the Direct Debit Guarantee Scheme we as your bank are responsible for giving you a full and immediate refund, even if the error was made by the organisation collecting your payments.

Cheque Payments

Cheques Returned Unpaid	We assume that all cheques will be paid. If a cheque is returned unpaid, the entry in your statement will be cancelled by a corresponding debit amount. If the cheque is returned after it has been cleared for Interest purposes (see the Cheque Clearing Cycle) then you will not lose any Interest earned on its value
Out of Date Cheques	If a cheque is dated six months or more before the date when you pay it in then the bank on which it's drawn may refuse to pay it. You would then have to return the cheque to whoever issued it and ask either for a new cheque or for the old one to be re-dated and the alteration initialled.

International Payments

Currency Cheques Issued	We unfortunately do not have any control over how cheques issued from your Currency Account are returned to us from overseas. They may be sent on a collection basis and may incur correspondent bank charges
Currency Lodgements	<p>A lodgement is cheques or notes of the same currency drawn on the same country, with the exception of Euro cheques drawn on the Euro zone which will be treated as one lodgement.</p> <p>Cheques or notes lodged to your Currency Account may be sent on a collection basis and may incur correspondent bank charges.</p>
IBAN and BIC Regulations	<p>It is compulsory to quote valid IBAN and BIC details within the EEA/EU when sending Euro payments. Banks within these countries may reject Euro payments which do not include these details.</p> <p>In some non EEA/EU countries the use of BIC and/or IBAN is mandatory and payments may be returned if the information is not included and could incur an additional fee. For a list of mandatory countries that require a BIC and/or IBAN please visit: www.bankofscotland.co.uk/corporateterms</p> <p>An IBAN (International Bank Account Number) is partly made up of your existing sort code and bank account number and is standardised into an internationally recognisable format. ABIC (Bank Identifier Code) is a code by which your bank is identified throughout the world again in a standardised format.</p>
Correspondent Bank Charges	<p>International Payments are sent through our vast net work of correspondent banks across the world.</p> <p>Such banks may, at their discretion, levy a charge for passing the payment on to the beneficiary bank. These charges may be deducted from the amount of the payment received by the beneficiary for the payment (unless other wise stipulated). The amount of the correspondent bank charges may vary depending on the destination country and possibly the bank involved. Some charges may be fixed whilst others are variable according to payment value.</p> <p>There are three charging codes that are available for International Payments, when you make an international payment you can choose who pays the transfer charges.</p>

Correspondent Bank Charges (cont'd)	<p>For example, under the Payment Services Regulations, for payments within the EEA in an EEA currency, where no currency conversion is required, certain charging options that you might have chosen in the past (e.g. BEN or OUR) are no longer allowed and SHA must be used. In particular, for payments where no currency conversion is required, certain charging options that you might have chosen in the past (e.g. BEN or OUR) will no longer be allowed.</p> <p>For payments being sent within the EEA in EEA currencies SHA is the only option.</p> <p>However, if Bank of Scotland is undertaking a currency conversion on your behalf it is possible to use the OUR option.</p>
SHA	The beneficiary pays all other charges.
OUR	<p>Money transfer means that the sender pays all the charges incurred for this transfer, i.e. the charges of Bank of Scotland and the overseas bank charges.</p> <p>In this case, the beneficiary will receive the entire payment amount. To ensure we comply with the Payment Services Regulations, payments will automatically be corrected to the SHA charging code where you submit an invalid payment charging code (see under Correspondent bank charges for further information)</p>
EEA Countries	EEA Countries are: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Republic of Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, The Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden and UK.
BEN	<p>Money transfer means that the beneficiary pays all the charges, i.e. the charges of Bank of Scotland and any overseas bank charges.</p> <p>This option is not available for payments sent to an EEA country in an EEA currency. To ensure we comply with the Payment Services Regulations, payments will automatically be corrected to the SHA charging code where you submit an invalid payment charging code.</p>
SWIFT	SWIFT is the Society for Worldwide Interbank Financial Telecommunication, who exchange standardised financial messages for International Payments securely. This may be referred to in your Account Terms and Conditions as "cross border payment".

Additional Information

1. Scheme responsible for the protection of your eligible deposit

Your eligible deposit is covered by a statutory Deposit Guarantee Scheme. If insolvency of your bank should occur, your eligible deposits would be repaid up to £85,000 by the Deposit Guarantee Scheme.

2. General limit of protection

If a covered deposit is unavailable because a bank is unable to meet its financial obligations, depositors are repaid by a Deposit Guarantee Scheme. This repayment covers a maximum of £85,000 per bank. This means that all eligible deposits at the same bank are added up in order to determine the coverage level. If, for instance a depositor holds a savings account with £80,000 and a current account with £20,000, he or she will only be repaid £85,000.

This method will also be applied if a bank operates under different trading names. Bank of Scotland plc also trades under those trading names detailed above. This means that all eligible deposits with one or more of these trading names are in total covered up to £85,000.

In some cases eligible deposits which are categorised as "temporary high balances" are protected above £85,000 for six months after the amount has been credited or from the moment when such eligible deposits become legally transferable.

These are eligible deposits connected with certain events including:

- a) Certain transactions relating to the depositor's current or prospective only or main residence or dwelling;
- b) A death, or the depositor's marriage or civil partnership, divorce, retirement, dismissal, redundancy or invalidity;
- c) The payment to the depositor of insurance benefits or compensation for criminal injuries or wrongful conviction.

More information can be obtained under <http://www.fscs.org.uk>

3. Limit of protection for joint accounts

In the case of joint accounts, the limit of £85,000 applies to each depositor. However, eligible deposits in an account to which two or more persons are entitled as members of a business partnership, association or grouping of a similar nature, without legal personality, are aggregated and treated as if made by a single depositor for the purpose of calculating the limit of £85,000.

4. Reimbursement

The responsible Deposit Guarantee Scheme is the Financial Services Compensation Scheme, 10th Floor Beaufort House, 15 St Botolph Street, London, EC3A 7QU, Tel: 0800 678 1100 or 020 7741 4100, Email: ICT@fscs.org.uk. It will repay your eligible deposits (up to £85,000) within 20 working days until 31 December 2018; within 15 working days from 1 January 2019 until 31 December 2020; within 10 working days from 1 January 2021 to 31 December 2023; and within 7 working days from 1 January 2024 onwards, save where specific exceptions apply.

Where the FSCS cannot make the repayable amount available within 7 working days, it will, from 1 June 2016 until 31 December 2023, ensure that you have access to an appropriate amount of your covered deposits to cover the cost of living (in the case of a depositor which is an individual) or to cover necessary business expenses or operating costs (in the case of a depositor which is not an individual or a large company) within five working days of a request.

If you have not been repaid within these deadlines, you should contact the Deposit Guarantee Scheme since the time to claim reimbursement may be barred after a certain time limit. Further information can be obtained under <http://www.fscs.org.uk>

Other important information

In general, all retail depositors and businesses are covered by Deposit Guarantee Schemes. Exceptions for certain deposits are stated on the website of the responsible Deposit Guarantee Scheme. Your bank will also inform you of any exclusions from protection which may apply. If deposits are eligible, the bank shall also confirm this on the statement of account.

Exclusions list

A deposit is excluded from protection if:

1. The holder and any beneficial owner of the deposit have never been identified in accordance with money laundering requirements. For further information, contact your bank.
2. The deposit arises out of transactions in connection with which there has been a criminal conviction for money laundering.
3. It is a deposit made by a depositor which is one of the following: credit institution, financial institution, investment firm, insurance undertaking, reinsurance undertaking, collective investment undertaking, pension or retirement fund, public authority, other than a small local authority.

For further information about exclusions, refer to the FSCS website at www.FSCS.org.uk
